Toll Free 1-800-803-1083

All DSM duty lockers are designed with deep storage space for larger equipment. The generous 24" depth together with the standard coat hanger bar means uniforms stay neat and orderly. All doors are double vented to provide additional air circulation.

24" model with standard interior

- Fully assembled and ready for use
- Full 24" depth
- Coat hanger bar
- Rigid welded construction
- Nevada Beige powder coat finish
- Available in 18", 24" or 36" widths

### Available Options

- Custom interiors
- Mesh doors
- Full extension drawers
- Sloped top
- Electrical knockout
- 4" base
- MEDECO® padlock
- Different finish colors

To provide years of trouble free service, all PDL series lockers feature the DSM Liftlatch system.

36" model with custom interior
