Select SERIES *Features*

The Select Series is our newest premium line of carts and accessories. Select Series Carts have dual pull out side shelves with ball bearing slides. Corner extrusions made of strong extruded aluminum and accessory mounting panels eliminate the need for holes in the sides and back of these carts. Other features include deluxe drawer pulls and a large area at the top front for identifying the cart.

Select Series Carts are available in E-Z Push Aluminum.

Look for the Select Series logo throughout the catalog. These products are designed to fit any cart in this line.

Cart Features

Locking Options for MINI CARTS *Space Savers When Space Matters*

Mini Carts offer the best solution to space limitations with a slimmer profile and compact 3" full swivel casters (2 locking). All Mini Carts come standard in Steel, but are available in E-Z Push Aluminum construction with a range of drawer configurations. Custom drawer configuration can be done without charge. All Mini Carts have quiet ball bearing drawer slides offering a full extension drawer opening. Mini Carts come with a FREE plastic top and your choice of 17 colors (standard in two-tone or solid beige, also available in solid colors).

Case Carts are the Ultimate Choice for Sterility Control During Transportation

- *Sealed doors safeguard contents against cross-contamination*
- *Positive door latches secure doors shut to keep contents safe and sterile*
- *Hold open latch secures door when open for easy cleaning and wherever battery powered suction is needed.*
- *Stainless steel is easy to clean and sanitize, resists corrosion and stains*

- *All-welded construction eliminates nuts and bolds for a stronger structure and easier-to-clean surface*
- *Extended push handle offers more control and increases interior space*
- *Locking door latch available for added security*

High Density Shelf Storage for Supplies and Medication

Telescoping cabinets can be used in many locations throughout the hospital Reconfigurable shelving allows for a myriad of storage options, including catheters, surgical supplies, dietary needs, house keeping and almost anything currently stored on a shelf.

COMPACTED

EXPANDED

Design Features

- Available in 2-stage or 3-stage telescoping units
- 9 standard sizes of each type
- Standard widths 12", 15" and 18"
- Standard depths 24", 30" and 36"
- Standard shelf heights 64" and 76"

- Reconfigurable shelving in either steel or melamine
- Solid steel or laminate end panels available
- Single and double entry shelving can be used
- Optional individual key pad lock or gang lock

FULLY CLOSED

- Most compact high density storage system on the market.
- Multiple carriage and shelf sizes allow the units to fit in almost any space.

PARTIALLY OPEN

- Stored items are accessed by sliding the shelf into the egress aisle.
- Multiple units can be accessed simultaneously.

FULLY OPEN

- Quick and complete access to stored items.
- Soft open and close feature keeps items from moving during operation.

Innovation in Storage! High Density Pharmaceutical Storage

As pharmacies continue to grow in capacity and complexity, their storage needs continue to grow and evoke as well. Innovative storage units transform traditional stationary shelf pharmacies into highly efficient and organize entities by compacting stored items into the smallest possible area.

FOUR DOUBLE ENTRY UNITS IN THE CLOSED POSITION

Benefits include:

- Patented slides allow for easy in-and-out movement of shelf units
- Condenses stored items into smallest possible area
- Reclaims unused floor space by eliminating empty aisles
- Increases storage capacity
- Improves efficiency

SUPPLY STORAGE WITH CLEAR FRONTS

TERMS

Terms of Sale
- NET 30 to established accounts
- All prices are in US Dollars.
- Service and Handling charges are not refundable.
- Delinquent accounts will be charged an annual rate of 18%.

Pricing
- Quotes are firm for 30 days from date of issue.
- Prices are subject to change without notice, due to price increases that we receive w/o notice from our vendors.
- Assembly is not included in price.

- Prices are for each, pair, package, etc., as marked.

Returned Goods
- All returned goods require a pre-approved Return Merchandise Authorization Number, to be issued by our Customer Service Department.
- All goods must be returned unused and in resalable condition.
- All goods must be in their original packaging, (with no writing, stickers or markings on the materials or cartons) and, where applicable, with an outer carton used for return shipping, to protect the merchandise.

- All goods must be returned within 30 days of authorization.
- All goods must be returned freight prepaid via traceable means, unless previous authorization is given.
- A 35% inspection, repackaging and re-stocking fee will apply.

All returned goods are inspected before credit is issued. If we reject the goods upon inspection, in whole or in part, you will be notified.

Damaged Goods
- Inspect all packages carefully and note any carton damage (i.e. torn, dented, hole) on delivery receipt or bill of lading prior to

signing your name. If there is excessive damage to cart packaging, OPEN and inspect the cart immediately, prior to accepting the cart. If the cart is damaged, REFUSE the cart and notify our Customer Service Department.

- In the case of Concealed Damage, DO NOT DISCARD PACKAGING or move product from receiving area. Call Customer Service within 72 hours. Failure to follow procedure releases any liability on damaged goods.

- You may be asked to take and send pictures of both the damage and packaging, so our company can file a freight claim with the carrier.

For over 30 years we have manufactured a full line of premium quality medical carts, workstations, cabinets and accessories. We also offer specialty products such as blanket warmers, stainless steel closed case carts and custom casework.
