#### A COMMITMENT TO OUR CUSTOMERS

As our ISO 9001 certification would suggest, Spacesaver is dedicated to the highest standards of product quality. Equally important is our commitment to customer service, both before the sale and after.

Through our extensive network of local Area Contractors, Spacesaver provides a level of experience and competency that others simply do not. From architectural constraints and building codes to system design and floor-loading, we have the expertise to handle every issue and customer concern.

A storage solution that meets your unique criteria. Single-source turn-key project management. Certified system installation. Ongoing maintenance and support. Spacesaver sets a standard of professionalism, performance and responsiveness that is unmatched. We live up to our customer commitments and have the references to prove it.

You can rely on The Spacesaver Group.

#### A COMMITMENT TO QUALITY POWDER COAT PAINT FINISHES

All components go through a multistage surface preparation prior to being coated; this process enhances topcoat bonding. The topcoat is a furniture-quality, epoxy-polyester hybrid Powder Coat Finish that meets or exceeds specifications set forth by the American Library Association.

Our electrostatically-applied, thermoset Powder Coat Paint System provides a durable hard finish with superior performance qualities.

- Excellent abrasion, impact, corrosion, stain, yellowing and chemical resistance.
- Exceptional adhesion with uniform film thickness and elimination of runs and sags associated with wet systems.
- A higher edge coating film thickness which virtually eliminates any sharp metal edges.
- Optional antimicrobial powder coat finish is available on all normally powder coated products. Antimicrobial powder coat contains a time-released germicide that is 99.9994% effective in controlling the growth of bacteria, mold, and mildew on the surface.

#### A COMMITMENT TO THE ENVIRONMENT

Our system is environmentally safe without any volatile or fugitive (stray) emissions in the finished product. Additionally, during the manufacturing process, we produce no volatile emissions or hazardous waste.

The swatch materials in this brochure are provided as a color guideline. There may be a variation in color, texture, finish and gloss between these samples and the actual product.
